COORG CHIEF COMMISSIONER'S OFFICE.

FROM

CAPTAIN L. S. NEWMARCH

SECRETARY TO THE CHIEF COMMISSIONER OF COORG.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

HOME DEPARTMENT.

Dated, Bangalore, 25th November 1890.

SIR,

I am directed to forward the report on the administration of Coorg for the year 1889—90.

2. As noted in the General Summary most of the subjects with which it deals have been separately and specially reviewed by the Chief Commissioner who proposes, with the approval of the Government of India, that in the next administration report a mere note to this effect may be made under the heads which are thus separately reviewed.

3. There seems to be considerable advantage in reviewing the various branches of the administration thus separately, instead of reviewing them all together at the end of the year, because they are more likely to receive greater and closer attention in this way than when embodied in one general report, for the review and consideration of which current work has to a large extent to be temporarily put aside.

4. The Chief Commissioner cannot let this opportunity go by without again placing on record his cordial appreciation of the earnest and thorough manner in which Colonel Clarke has discharged his duties as Commissioner.

I have the honor to be,

Sir,

Your most obedient servant,

L. S. NEWMARCH

Secretary to the Chief Commissioner.

BY ORDER OF THE LIEUTENANT GOVERNOR OF BENGAL * FOR PRINTED
GENERAL SECRETARIAT

REPORT

ON THE

ADMINISTRATION OF COORG

FOR THE YEAR 1889—90.

PART I.

GENERAL SUMMARY.

During the year under report, a revised survey scheme for the whole of the district was sanctioned by the Government of India in the Department of Revenue and Agriculture. The scheme also provides for the establishment of a Land Record Department.

2. The land revenue demand under all heads amounted to Rs. 3,63,466-12-2, being a net increase of Rs. 5,196—1—5. As in last year the principal source of increase is the coffee assessment consequent on (I) the increment of tax imposed under the Waste Land Rules on lands recently acquired; (II) concealed cultivation brought to book; and (III) excess of area ascertained on survey. The revenue under all heads was less by Rs. 16,132—14—7 than in the preceding year. After making all necessary deductions the surplus revenue amounted to a little over 2¾ lakhs, being a decrease of ½ lakh on last year's surplus.

3. Cardamom cultivation which has been declining for some years past owing to the fall in prices suffered severely during the past year, from the want of the usual showers in March and April following upon a more than ordinarily protracted period of drought.

4. The value of government waste lands rose last year to Rs. 83 per acre against Rs. 60—10—2 in 1888—89, 108·82 acres realizing Rs. 9,044—4—0. Of this sum, Rs. 5,483—13—0 was realized by the sale of land for building sites.

5. As regards the police force, proposals for a re-organization of the police have long been under consideration but have been delayed by doubts regarding the extent to which the jama ryots were bound either to do police duties themselves or to pay for their performance by others. The liabilities of these privileged ryots have now however been clearly established, and tangible results in the shape of an improved police may shortly be expected.

6. Criminal Justice, civil justice, registration, municipalities, forests, jails, income tax, sanitation and education have been separately and specially reviewed by the Chief Commissioner and do not therefore call for any comment here.

POLITICAL.

2. For standing information under the several sections of this head, *vide* paragraphs 15 to 41 of the report for 1882—83.

CHANGES IN THE ADMINISTRATION.

3. Nil.

RELATIONS WITH TRIBUTARY STATES AND FRONTIER AFFAIRS.

4. Nil.

II. ADMINISTRATION OF THE LAND.

SURVEYS.

5. *Revenue Survey.*—In the report for last year (1888—89) mention was made of the Government of India having resolved, in November 1888, on discontinuing the revenue survey, which had been commenced in the Yelsavirshime taluk, in consideration of the heavy expenditure involved in the mode of survey adopted by the Mysore survey party.

6. The subject was revived in a modified form in April 1889 when the Government of India took exception to the slow progress of the surveys of coffee estates, the resurvey of which had become necessary owing to relinquishments of portions of them. The employment of a European officer was proposed for this work, to which was added subsequently the survey of *bane* coffee holdings.

7. *Banes* or blocks of forest land, which are ordinarily attached to all holdings of rice fields and which were originally intended to supply the holders with fuel and pasture, were formerly held free of assessment, though cultivated with coffee. This privilege led to these lands being extensively diverted from their original purpose, and ultimately in 1885—86, the Government was led to issue rules which imposed the full rate of coffee tax on all *bane* lands, excepting (1) those which were exempted up to 1875, and (2) those which had not been alienated from the *warg* or rice field to which they appertained. In the case of *banes* not alienated, the holder was permitted to plant coffee, free of assessment up to 10 acres, all excess being charged.

8. The result of these measures has been an addition of about 10,000 acres to the area assessed at coffee rates. It has been impracticable however with the small survey staff to survey these lands, the acreage having been ascertained by rough measurement which has left probably a good margin in favour of the holders. Besides these, there are considerable areas of un-alienated *bane* coffee gardens on which the acreage to be exempted has been computed in a similar manner.

9. The surveys of these holdings was commenced by the Deputy Superintendent, revenue survey, under orders of the Government of India, in December 1889, but on the recommendation of the Chief Commissioner, the scope of the survey has been extended, and sanction has been recently given by the Government of India to a scheme for the survey of the whole Province, somewhat similar to that which has proved successful in the North-Western Provinces and elsewhere. The method of survey to be followed is explained in the subjoined extract from a Note recorded by the Chief Commissioner in January 1890.

"The Bombay survey and settlement system which has been commenced has in the first place proved too expensive for Coorg, and in the second is not suited to its peculiar conditions. The wet cultivation in the valleys is, it is true, limited in area, and practically incapable of extension or of variation in its boundaries. But it is liable to an assessment which is almost if not quite permanent, and the main use therefore of the elaborate operations of the Bombay survey and settlement would be, as far as it is concerned, to stop the litigation about boundaries which now takes up so much of the time of the courts. Again, the coffee and other cultivation carried

out on unirrigated land, which would be forest if it were not cultivated and reverts to forest when cultivation ceases, is steadily extending and constantly varying as old ground is abandoned and new taken up. To fit such a condition of affairs to the Bombay survey system it would be necessary to divide the whole of the forest area, which amounts (even excluding the reserve forests) to above 1,000 square miles, against 200 of wet cultivation, into survey numbers of a few acres each, although less than half the ground would be covered by ryots' forest land (*bane*) and coffee estate together. The system of artificial boundary marks again is ill-suited to Coorg. The temptation to owners of *banes* and small coffee plantations to efface marks and change the position of stones is very great. The heavy rain-fall makes it difficult to keep up marks and trenches. Unless the whole forest area were covered with a net work of boundary marks, and those marks were constantly kept in repair, it would be impossible after a few years to identify the exact locality of any particular holding, and an addition to or curtailment of it would involve as it does at present a complete re-survey. What seems to be required in Coorg is a system of minor triangulation which will cover the country with a number of points unconnected with boundaries and easily recognizable from their topographical position, so that neither man nor nature will be likely to obliterate them. Every unit of detailed survey which it is necessary to make for revenue purposes should show three or more such permanent land-marks, entirely unconnected with the boundaries of the estate or holding delineated."

10. The work of the minor triangulation has been commenced, and schools have been started at Merkara and Virajendrapet for the instruction of the youths (chiefly Coorgs) who will be employed in plane table surveying and who have been enlisted to the number of 100. Active operations will be commenced as soon as the season admits of field work.

SETTLEMENTS AND WASTE LANDS.

11. The amount realized by the sale of waste lands under the Waste Land Rules was Rs. 9,044—4—0, the extent of lands sold being 108·82 acres. The sum includes the value of timber which is credited under "forests". The average rate per acre obtained was Rs. 83 including the value of timber and Rs. 69—3—0 excluding it, as compared with Rs. 60-10-2 and Rs. 37-7-5 respectively during 1888—89.

12. The sale proceeds of lands sold for building sites amounted to Rs. 5,483-13-0.

13. There were also considerable receipts from concealed coffee land cultivation which brings the total demand up to Rs. 19,310—1—9 inclusive of the above items.

14. *Land Revenue.*—The Land Revenue demand under all heads amounted to Rs. 3,63,446—12—2 being a net increase of Rs. 5,196—1—5 over that of the previous year. The details are exhibited in the following table:—

	1888—89.			1889—90.			Increase.			Decrease.		
Jamma	61,866	15	0	61,800	9	0	...	...	...	66	6	0
Umbli	6,365	11	10	6,324	14	8	...	...	...	40	13	2
Sagu ... Wet	83,164	3	7	83,326	9	10	162	6	3	...	...	...
Sagu ... Dry	8,333	0	8	8,479	2	11	146	2	3	...	...	...
Jodi ... Wet	6,137	2	0	6,137	13	3	0	11	3	...	...	...
Jodi ... Dry	361	7	9	361	7	9	...	...	...	...	...	...
Garden lands	473	10	7	482	1	3	8	6	8	...	...	...
Total.....	1,66,702	3	5	1,66,912	10	8	317	10	5	107	3	2
Dhuli paddy tax	18,001	9	1	18,117	10	4	116	1	3	...	...	...
Mohatarfa paid by land holders ...	6,742	10	9	6,780	1	2	37	6	5	...	...	...
—— Do by others ...	4,911	13	4	5,184	9	2	272	11	10	...	...	...
Coffee assessment	1,30,131	1	5	1,34,780	0	6	4,648	15	1	...	...	...
Cardamoms	25,997	12	6	25,899	5	0	...	...	...	98	7	6
Plough tax	5,763	8	3	5,772	7	4	8	15	1	...	...	...
Total.....	3,58,250	10	9	3,63,446	12	2	5,401	12	1	205	10	8
Deduct decrease	...	...	...	...	...	...	205	10	8	...	...	...
Net increase	...	...	...	...	...	...	5,196	1	5	...	...	...

15. *Jamma.*—The decrease under this head is due to the transfer of 3,052½ *bhatties* of wet land from *jamma* to *sagu* tenure, the *jamma* having been confiscated under the rules as a penalty for the alienation of the land by sale or mortgage.

16. *Coffee Assessment.*—The increase under this head is composed principally of (1) the increment of tax imposed under the Waste Land Rules on lands recently acquired, (2) concealed cultivation brought to book, and (3) excess of area ascertained on survey.

17. The cardamom crop was seriously affected by drought that it has been found necessary to postpone the demand for the Government rents due in February 1890, to the extent of one-half in respect of all gardens *(malles)* paying Rs. 100 and upwards.

18. The cardamom *malles* are situated chiefly in the Padinalknad taluk. The *malles* in the Yedenalknad and Kiggatnad taluks are comparatively few. In the Padinalknad taluk alone there are at present 185 *sirkar malles*, of which 63 pay an annual rent of Rs. 100 and upwards. In some few cases the rent exceeds Rs. 1,000 annually. There is in addition a large number of "*jamma malles*," which are held on a distinct tenure and at present pay a nominal rent.

19. In former times cardamom cultivation furnished large profits, the local selling price being three and four times as much as the present average rate, namely about Rs. 20 per maund of 28 lbs. In 1886—87, when the old leases fell in, the *sirkar malles* were dealt with in a more systematic manner than formerly, and the right of cultivation for periods of 7, 14 and 21 years respectively was leased as a rule to the highest bidder, although the claims of the local ryots were considered as far as was expedient. The revenue from this source was thus raised from an annual average of Rs. 21,260 to Rs. 25,902—9—0 and though collected by the revenue officials, is credited as an item of forest revenue.

20. Since the settlement in 1886—87 prices have been very disappointing. With occasional fluctuations, the rate has ranged ordinarily from Rs. 15 to Rs. 20 or Rs. 25 per maund, while in 1879—80 it was over Rs. 70. There has been a steady decline for several years past, but the expectation has been general that a revival would take place each year.

21. During the past year however the *malles* suffered severely from the want of the usual showers in March and April, following upon a more than ordinarily protracted period of drought. The consequences were very serious. A European planter, resident in the Padinalknad taluk and well acquainted with the facts, has expressed his opinion that the effects of the drought will be felt for the next three or four years as a large proportion of the plants that died out were bearing. The subject is further adverted to under the head of horticulture in this report.

22. The revenue demand for the year amounted to Rs. 25,902—9—0, of which Rs. 10,227—8—0 have been postponed for payment in February 1890—91.

GOVERNMENT ESTATES.

23. Nil.

WARDS' ESTATES.

24. There were 37 wards on the register of the Court of the Commissioner and District Judge during the year, and of these 11 were discharged on attaining their majority. No additions were made to the number during the year.

III. PROTECTION.

LEGISLATING AUTHORITY.

25. Vide paragraph 55 of the report for 1882—83.

COURSE OF LEGISLATURE.

26. The following Acts were extended to Coorg during the year under review :—

Act X of 1888, sections 1 and 3—An Act to amend the Civil Procedure Code and the Presidency Small Cause Courts Act.

Coorg Revenue Regulation No. I of 1889.

Act VII of 1889—Succession Certificate Act.

Regulation of Police, Act V of 1861—section 34 specially extended to the towns of Ponampet and Sanivarsante.

Act V of 1890—An Act to amend the Indian Forest Act, 1878.

POLICE.

27. The following statement exhibits the number of cognizable cases reported to the magistrates direct, and through the police during the years 1888 and 1889 :—

	Offence.	1888.	1889.	Increase.	Decrease.
I	Offences against the State, public tranquility, safety and justice	29	11	...	18
II	Serious offences against person	140	107	...	33
III	Do do property	55	70	15	...
IV	Minor offences against person	29	44	15	...
V	Do do property	407	388	...	19
VI	Other offences not specified above	95	100	5	...
	Total.....	755	720	35	70

28. The number of cases in which the police declined to investigate under the proviso to section 157 of the Criminal Procedure Code was 115 as against 106 in 1888.

29. Out of 552 cognizable cases decided by the magistracy, and which includes also cognizable cases taken up by the magistrates direct, 237 cases ended in conviction.

30. Out of 720 cases reported, the police investigated 359 cases or 49·85 per cent. The percentage of police cases ending in conviction to cases investigated rose from 41·10 in 1888 to 45·96 in 1889.

31. The number of non-cognizable cases referred by the magistracy to the police for investigation was 31 in 1889 as against 15 in the previous year.

32. The number of persons who were pending trial at the end of 1888 was 105. The police arrested 791 persons in 1889 against 1,010 persons in 1888. Out of the above number one died and 251 or 31·73 per cent were released without being brought before the magistrates. Out of the persons sent up by the police for trial, 262 or 40·68 were convicted as against 312 in 1888.

33. The number of cases in which property was stolen was 79 in 1889 against 96 in the previous year. The value of property stolen was Rs. 3,615 against Rs. 10,947 in 1888. In 57 cases the property valued at Rs. 1,934, was recovered against Rs. 6,021 in 1888. The percentage of recoveries was 53·49 in 1889 against 55 in 1888.

34. There was no change in the strength of the force during the year 1889. The total cost of the force amounted to Rs. 24,177—14—1 in 1889 as against Rs. 22,129—6—4 in the previous year. The purchase of clothing supplied to the force at a cost of Rs. 2,200 accounts for the increase in the expenditure in 1889.

CRIMINAL JUSTICE.

35. The subjoined statement shows the number of offences reported, the number of cases returned as true, the number of cases brought to trial, and number of persons acquitted and convicted, as compared with the results of the previous year:—

		1888	1889.
Number of offences reported		2,993	3,624
Dismissed without issue of process		244	204
Cases returned as true		2,531	2,548
Pending from last year	Cases ...	56	80
	Persons ...	151	181
Brought to trial	Cases ...	2,532	2,578
	Persons ...	4,494	4,322
Total	Cases ...	2,588	2,658
	Persons ...	4,645	4,503
Number acquitted	Cases ...	1,700	1,746
	Persons ...	3,239	3,176
Number convicted	Cases ...	804	801
	Persons ...	1,220	1,105
Pending	Cases ...	80	110
	Persons ...	181	220
Ratio of offences to population		1·6	2·0

36. The increase in the number of offences reported, namely 631, occurred mainly in offences falling under Act XIII of 1859 (Fraudulent Breach of Contract Act). There was a noticeable decrease in the offences of hurt, mischief, criminal trespass and criminal intimidation.

37. The percentages of convictions and acquittals to cases reported and to cases brought to trial in 1888 and 1889 were as follows:—

	1888	1889.
Convictions to cases reported	26	22
Do brought to trial	31	30
Acquittals to cases reported	56	48
Do brought to trial	67	65

38. The subjoined statement exhibits the classification of offences brought to trial during the years 1888 and 1889:—

	1888	1889.
Against the State and public justice	86	68
Against the person	673	646
Against property	539	486
Other offences under I. P. Code	485	509
Offences under special and local laws	805	949
Total.....	2,588	2,658

39. The increase under "Offences under special and local laws" is due to the fact that 806 cases under Act XIII of 1859 were brought to trial against 645 cases in 1888.

40. The following is a summary of offences for which convictions were obtained for 1888 and 1889, respectively:—

	1888 Persons.	1889. Persons.
Giving false evidence	18	18
Murder	10	1
Grievous hurt	6	13
Theft	81	90
Cattle theft	4	12
Robbery	4	1
Dacoity	19	1
Receiving stolen property	9	5

41. The following are the particulars of cases disposed of under the Fraudulent Breach of Contract Act.

	Persons
Ordered to return to work or to re-pay the advance	402
Sentenced to imprisonment	22
Discharged or acquitted	757
Total.....	1,181

42. The results of trials during 1888 and 1889 are compared in the following statement:—

	1888.	1889.
Persons discharged or acquitted	3,239	3,176
Do convicted summarily	4	23
Do do regularly	1,216	1,082
Do sent up for higher punishment ...	187	189
Died or escaped	5	2
Pending at close of year	181	220
Total.....	4,832	4,692

43. The number of European British subjects who were tried by the District Magistrate of Coorg during the year 1889 was 6 as against 5 in the previous year. Five of them were charged with criminal force and assault, and one with mischief. One person was convicted for assault, and the rest were acquitted.

44. The number of cases brought to trial in the Court of Sessions during the year was 21 against 17 in the previous year. The number of cases which ended in conviction was 14 or 66·66 per cent as against 9 or 52·94 per cent in 1888.

45. The work of the Appellate Courts is shown below:—

SESSIONS JUDGE'S COURT.

	Cases.	Persons.
Appeals for hearing	11	31
Do rejected	1	1
Sentences confirmed	7	20
Do reduced or altered	2	2
Reversed	0	8
Pending cases	Nil.	

DISTRICT MAGISTRATE'S COURT.

	Cases.	Persons.
Appeals for hearing	72	134
Do rejected	1	1
Sentences confirmed	38	76
Do reduced or altered	8	11
Do reversed	16	30
Pending	8	15

46. The average duration of each appeal was 33 days in the District Magistrate's Court and 13 days in the Sessions Court against 17 and 9 respectively in 1888.

47. There were 15 appeals for disposal in the Court of the Judicial Commissioner of Coorg during the year 1889 as against 14 in the previous year. Of these 14 were appeals against convictions in Sessions cases, and one was an appeal from the sentence of the Munsiff Magistrate of Merkara transferred from the Court of the District Magistrate of Coorg. 12 cases were disposed of during the year and three were left pending at the close of the year. There were 35 cases before the Court for disposal in the exercise of its revisional jurisdiction, against 38 in 1888. All were decided with the exception of 5 cases.

48. The total receipts of the Courts amounted to Rs. 66,758—15—11 in 1889 against Rs. 71,224—5—3 in 1888. The total expenditure decreased from Rs. 70,450—0—4 in 1888 to Rs. 69,331—5—0 in 1889.

PRISONS.

49. There were in all 1,182 persons confined in the Merkara jail and lock-ups, or 59 more than in 1888. Of these, 584 persons underwent imprisonment in the Merkara jail, and 598 in the lock-ups, as detailed below:—

	Merkara jail.	Lock-ups.
Convicts	269	49
Under-trial prisoners	302	549
Civil debtors...	13	...
	584	598

50. *Merkara Jail.*—The total daily average in the jail was 100·58 as compared with 96·30 in the previous year

51. Punishments inflicted for offences against the jail rules fell from 72 in 1888 to 69 in the year under report as shown below :—

Solitary confinement...	... 2	Warned	... 8
Reduced diet ...	... 32	Change of work ...	... 1
Forfeiture of marks ...	... 25	By Court for escaping from custody...	1

52. Two male prisoners died in the jail in 1889 as compared with 4 in the previous year, the ratio of deaths per *mille* of the average strength of the jail being 22·82 as compared with 49·00 in 1888.

53. The average cost for guarding and maintaining each prisoner in the Merkara jail aggregated Rs. 94—14—0 against Rs. 97—1—3 in 1888; and the charge for rations alone amounted to Rs. 41—9—8 per head.

54. The net cash earnings of the prisoners in the jail was Rs. 10,640—8—0 or Rs. 149—1—0 in excess of that for the year previous.

55. The average income per head of the average number sentenced to labor was Rs. 67—6—0 against Rs. 66—8—0, and of those actually employed on jail manufactures Rs. 97—5—0 against Rs. 100—7—0 in 1888.

56. *Lock-ups.*—Lock-ups are attached to taluk and nad cutcherries. The number of Lock-ups was 25 during the past year. The daily average number of convicts in Lock-ups was 1·08 as compared with ·35 in 1888, and of under-trial prisoners 9·88 as compared with 8·94. The cost of dieting rose from Rs. 34—10—3 per head in 1888 to Rs. 37—11—0 in 1889. The circumstance is due to a large increase in the number of persons brought up under warrants charged with fraudulent breach of contract under Act XIII of 1859. Many of those being of the class of Yerravas, a jungle tribe, were detained being unable to find bail.

CIVIL JUSTICE.

57. *Original Suits.*—The total number of suits instituted during the year in the several classes of Courts was 3,127 as particularized below, being 404 more than in the previous year :—

Parpattegars' Courts	784
Subedars' do	1,239
Merkara Munsiff's Court	595
Virajendrapet do	758
2nd Assistant Commissioner's Court	41
1st do do do	1
District Judge's Court	9
Total.....	3,127

Including 214 suits pending from last year, the total number of suits for disposal was 3,641, of which 3,340 suits were disposed of, leaving 301 pending on the 1st January 1890.

58. The percentage of cases disposed of by the several Courts or classes of Courts for the two past years comparatively is given below :—

	1888.	1889.
Parpattegars' Courts (five)	22·25	21·88
Subedars' do (six)	41·89	36·85
Merkara Munsiff's Court	15·19	17·18
Virajendrapet do	18·82	22·81
2nd Assistant Commissioner's Court	1·17	0·74
1st do do do	0·09	0·11
District Judge's Court	0·55	0·38

59. The number of cases disposed of by each Court for 1889 is as follows :— (For the parpattegars' and subedars' Court the figures given are computed on the average) :—

Parpattegars' Courts	146
Subedars do	205
Merkara Munsiff's Court	574
Virajendrapet do	762
2nd Assistant Commissioner's Court	25
1st do do do	4
District Judge's Court	13

60. The percentage of uncontested to contested suits was 80·28 as compared with 77·23 in 1888. The average duration of suits disposed of was 108 days in contested and 28 days in uncontested suits as compared with 69 and 29 days respectively in the previous year. In the District Judge's and 1st Assistant Commissioner's Courts, the duration was greatly protracted by unavoidable delays in disposal of individual cases.

61. *Miscellaneous Cases.*—The number of miscellaneous cases for disposal before the Courts was 1,054, of which 989 were disposed of during the year.

62. *Execution Cases.*—The number of execution applications for disposal was 3,271, of which 2,851 were disposed of, leaving 420 cases pending at the close of the year. Of those disposed of—

729 were satisfied in full,
399 „ „ in part,
1,723 were wholly infructuous.

63. *Appeals.*—Inclusive of those pending from last year, there were 123 appeals for disposal. Of these 111 were disposed of as shown below:—

1st Assistant Commissioner's Court	52
District Judge's Court	59
Total.....	111

leaving 12 cases pending at the close of the year,—4 in the former and 8 in the latter Court.

64. The appeals were disposed of as follows:—

Decisions confirmed under section 551, Civil Procedure Code ...	4
Confirmed	70
Modified	9
Reversed	25
Remanded	3
Total.....	111

65. The average duration of appeals in the District Judge's Court was 15 days and in the 1st Assistant Commissioner's Court 24 days.

66. In the Judicial Commissioner's Court, there were 5 first appeals for disposal, including 2 from the previous year. Of these 2 were disposed of leaving 3 on the pending file. Twenty-five second appeals were filed during the year in addition to 2 cases pending from last year, and of these 16 were disposed of leaving 11 cases in arrears at the close of the year.

67. Two second miscellaneous appeals and ten miscellaneous applications were also filed during the year, and all but one was disposed of.

REGISTRATION.

68. The number of documents of all descriptions registered during the year was 1,539 or 458 in excess of that of the previous year. The particulars are as follows:—

	1888—89.	1889—90.
Sale of immoveable property	479	542
Mortgage do	358	617
Leases...	26	31
Affecting moveable property	162	278
Other registrations	56	71
Total.....	1,081	1,539

There is thus an increase under each head.

69. Transactions relating to immoveable property have become more numerous owing to the cancellation, in September 1889, of a local executive order passed by the Registrar of Coorg in 1871, prohibiting the admission by registering officers of all documents evidencing the alienation of *jamma*, *jodi* or *jaghir* lands.

70. The income from fees including penalties was Rs. 5,701—6—0 as compared with Rs. 6,084—8—0 in the year previous. The difference is due to the diminished amount realized from penalties.

71. The value of property involved in registration was as follows :—

Moveable property	...Rs.	1,23,561	5 2
Immoveable do	... ,,	15,90,699	5 3

72. The average value of each transaction fell from Rs. 1,511 to Rs. 444 during the year in respect of moveable property, and from Rs. 1,460 to Rs. 1,265 as respects immoveable property.

73. The time occupied in completing the registration of documents averaged 1 day and 12 hours against 1 day and 11½ hours in the previous year.

74. The registering officers refused registration in 19 cases as classified below :—

11 Cases under the provisions of the Circular Order of June 1871. (Cancelled in September 1889.)
3 Do claimants refused to pay the prescribed penalties.
4 Do execution of documents denied.
1 Do claimants failed to appear.

75. The receipts for the year amounted to Rs. 5,701—6—0, and the expenditure to Rs. 1,807—8—10, the percentage of expenditure to income being thus 31·69 against 29·79 in 1888—89.

MUNICIPAL.

76. No addition has been made during the year to the number of towns in which municipalities have been constituted. Proposals were submitted for extending municipal administration to the towns of Ammatti, Gonicopal, Napoklu and Ponampet—two of which are taluk head-quarters, and the others market towns; but they were not sanctioned by the Government of India.

77. The subjoined table shows the receipts and expenditure of each municipality during the year :—

		Rs.	A.	P.
Merkara	Receipts ...	10,774	2	9
	Expenditure ...	10,885	7	7
Virajendrapet	Receipts ...	11,527	6	0
	Expenditure ...	11,368	2	10
Fraserpet	Receipts ...	1,007	9	7
	Expenditure ...	721	2	0
Somvarpet	Receipts ...	1,443	13	11
	Expenditure ...	1,606	1	6
Kodlipet	Receipts ...	872	5	2
	Expenditure ...	544	4	6

78. *Merkara Town.*—The total demand for the year, exclusive of Rs. 5,858-14-9 outstanding at the close of the last year, amounted to Rs. 12,450-4-1, of which the following are the items :—

	Rs.	A.	P.
House tax	4,331	6	0
Mohatarfa	1,644	13	5
Tax on horses and carriages	388	12	0
Interest on invested funds	175	13	10
Dispensary receipts	1,820	14	6
Fines	37	8	0
Pound collections	97	13	10
Miscellaneous including school fees, &c	809	2	6
License fees, transfers and contributions	3,144	0	0
Total Rs...	12,450	4	1

79. The expenditure amounted to Rs. 10,885—7—7, inclusive of the cost of medicines supplied from the Madras medical stores, and comprised the following items :—

		Rs.	A.	P.
1	Cost of establishment and collections	1,162	8	0
2	Works (original and repairs)	1,223	7	2
3	Conservancy establishment	2,593	11	6
4	Lighting charges	300	0	0
5	Education	1,237	3	3
6	Dispensary	3,662	9	10
7	Vaccination	180	0	0
8	Tools and plant	27	8	0
9	Miscellaneous	498	7	10
	Total Rs	10,885	7	7

80. *Virajendrapet.*—The demand which amounted to Rs. 10,584—15—7 comprised the following items :—

	Rs.	A.	P.
House tax	2,233	0	0
Mohatarfa	1,633	6	0
School fees	1,574	7	6
Market fees	1,872	4	0
License fees	2,270	0	0
Dispensary receipts	136	14	0
Fines	1	0	0
Pound collections	114	6	8
Interest on investments	123	14	2
Other miscellaneous	425	11	3
Transfers and contributions	200	0	0
Total Rs.....	10,584	15	7

81. The expenditure amounted to Rs. 11,368—2—10 and exceeds that of the previous year by Rs. 3,149—7—6 The expenditure fell mainly under the following heads :—

	Rs.	A.	P.
Establishment and collection	432	0	0
Works	1,640	8	11
Conservancy	2,018	0	1
Dispensary and medical charges	4,442	14	9
Education	2,220	4	5
Lighting	433	9	8
Miscellaneous	180	13	0

82. *Minor Municipalities.*—The three minor municipalities are at Frasorpet, Somvarpet and Kodlipet; all in North Coorg. The receipts are derived from the trade tax or mohatarfa assigned from provincial revenues, and market fees and pound fines. No special municipal house rate is levied in these towns as in Merkara and Virajendrapet. The expenditure is mainly devoted to conservancy requirements, but during the past year good progress has been made in providing additional public wells. Municipal funds contribute annually Rs. 100 at Somvarpet, Rs. 50 at Frasorpet and Rs. 40 at Kodlipet to educational purposes.

83. The average incidence of taxation per head of population in all the five municipalities was ten annas and three pies.

MILITARY.

84. *Coorg and Mysore Rifles.*—The strength of the corps was much the same as that of previous years. Several resignations occurred, but enrolments brought the strength up to 222.

85. No camp was held at Merkara during the year, the head-quarters having been separately inspected. There was a slight improvement in shooting, and the general state of the corps has improved.

86. The quarters for the Sergeant Instructor in South Coorg, though commenced during the year, have not as yet been completed for want of labour.

87. The distribution of the corps is as follows :—

Colonel Sir O. B. St. John, K. C. S. I., R. E.
Honorary Colonel, C. and M. Rifles.

Head-Quarters.—Merkara.
Commandant.—Colonel R. E. Cox (G. L. Infantry.)
Adjutant.—Captain L. G. Oliver, 2nd Battalion, Middlesex Regiment.
Sergeant Instructor.—W. Burton, North Coorg.
Do R. White, South Coorg.

A or North Coorg Company.

Captain G. K. Martin. | Lieutenant W. H. Sprott.

B or South Coorg Company, No. 1.

Captain J. Logan. | Lieutenant A. L. Alexander. | Lieutenant C. G. Maclean.

D or South Coorg Company, No. 2.

Captain J. S. Gerrard. | Lieutenant A. Lambert.

MARINE

88. Nil.

IV PRODUCTION AND DISTRIBUTION.

AGRICULTURE.

89. *Wet Lands.*—The area of land under rice crops is returned as 74,183 acres as compared with 74,095 acres in the previous year.

90. *Dry Lands.*—The area under dry and garden crops was 1,489 as compared with 1,465 acres in 1888—89.

91. *Coffee.*—The area under coffee exhibits a net increase of 94 acres, occasioned mainly by assessment being imposed on *bane* lands planted with coffee. The total extent of coffee land is now 82,429 acres as compared with 82,335 in 1888-89.

92. The extent of assessed coffee land held by European and Native owners respectively is as follows :—

	No.	Acres
European estates	365	34,259
Native do	5,948	46,781
Total	6,313	81,040
Add		
Bane land cultivated but not assessed		1,389
Total.....		82,429

93. *Labour.*—The question of labour supply for the coffee estates has of recent years assumed a serious complexion. In the report for 1885—86, reference was made to the economy introduced in the working of estates owing to the low price of coffee then prevailing, rendering it necessary to reject much of the labour that was available. Year by year subsequently, the difficulty of procuring coolies from the Mysore country has grown, and attention has been increasingly given to the importation of labour from Malabar and South Canara. The labourers from those districts cannot, however, be depended upon to stay for more than short periods in the months of July and August, and they do not provide therefore a substitute for the Canarese (Mysore) labour which is required at a critical time and in adequate quantity for the picking of the crop and for the work of pruning which immediately follows.

94. During the past year, the want of Mysore labour has been so seriously felt, that the Coorg Planters' Association has had under its consideration the expediency of organizing measures to recruit the necessary labour from the remoter districts of the Madras Presidency.

95. The prevailing rates for Canarese (Mysore) coolies are 3 annas and 8 pies per diem for men, and 2½ annas for women, but the rates have been raised in some estates to 4 and 3 annas, respectively.

96. *Live Stock.*—There has been no recurrence of the epidemic among cattle which occurred in 1888—89, and inflicted severe losses throughout the Province. The mortality of cattle during the year under report is returned at 5,776, as compared with 16,317 in 1888—89.

WEATHER AND CROPS.

97. The rain-fall registered during the year under report is as follows:—

	Inches.	Cents.
At Merkara	144	85
„ Somvarpet	100	31
„ Anandapur (South Coorg)	75	85
„ Fraserpet	46	39
On the Western Ghat (Dunkeld estate)	213	48

98. The season proved unfavorable for the coffee crop, and the out-turn was very little better than that of the year previous. The trees had suffered from a long and trying drought in consequence of the failure of the north-east monsoon and the untimely blossoming showers. The forecast of the crop made in August last was 6,715 tons, but the actual out-turn was nearly half this quantity or 3,350 tons. This great falling off is attributed chiefly to the weak state of the trees, and the bursting of the south-west monsoon before the berries were set and able to withstand the excessive damp. The result of the drought also prevented the trees from throwing out healthy wood for the present season's crop, which it is anticipated will be a very poor one and much below the annual average.

HORTICULTURE.

99. As reported last year the cultivation of cinchona has been abandoned owing to the unremunerative price of the bark.

100. The cultivation of cardamoms has attracted but little attention among European planters in Coorg. In the neighbouring Manjerabad District of Mysore the cultivation has for some years past been carried on, in, (what may be termed) the European system, namely, from seed, and by transplanting the bulbs, in preference to the Native plot system which leaves the growth, more or less to spontaneous action. The fall in the market price has no doubt discouraged the enterprise, and so long as Ceylon continues to export large quantities of the spice as it has done for the past ten years, the prospect of a recovery in the price is not favorable. The cultivation in Ceylon is mainly carried on by European planters, who it appears, originally obtained the seed from Malabar or Coorg, and the produce is quoted in the London market as "Malabar Ceylon." Mr. J. S. Finlayson, a Coorg planter who has interested himself in the subject, writes: "By the system of cultivation carried on in Ceylon, larger returns per acre are obtained than can be expected from the system of cultivation generally carried on in Coorg. The average yield per acre from planted cardamoms in Ceylon is calculated to be 200 lbs. dried fruit in the fifth year from planting, whereas the average return per acre in Coorg under the plot system is only 30 lbs." He adds "The system of cultivation in Ceylon is somewhat similar to coffee planting under forest shade; the underwood and small trees are cut down, and the plants planted in rows 7 feet by 7 feet."

FORESTS.

101. A change took place during the year in the controlling officers; Mr. F. B. Dickinson having been transferred in October 1889 to the Central Provinces on promotion, and Mr. J. Mckee appointed in his place.

102. The Acting Inspector General of Forests (Mr. Hill) visited the Province in January 1890, and made a tour of inspection of the forests.

103. *Areas.*—No change has been made in the areas of the reserved forests during the year. The forest settlement has been in progress, and its results are recorded in another part of this report.

104. The area of the protected forests was reduced from 617 to 615 square miles, the difference being the area of waste lands disposed of by sale.

105. *Boundaries.*—The demarcation of the reserves has made no substantial progress. The difficulty attending the carriage of the stone pillars designed for the purpose, to which reference was made in last year's report, has led the Deputy Conservator to introduce the plan of marking the boundaries at intervals by trenches, a stone bearing a serial number being fixed between two trenches. The 255 miles of external boundary demarcated around the eastern reserves were cleared and maintained at a cost of Rs. 613.

106. The Urti, Kerti, Chembu, Quinad, Arkomalle and Keepalli ghat forests (protected) still remain to be demarcated and surveyed. The other forests were demarcated in 1880—81 and surveyed in 1883—84, but the marks have not been maintained and are reported to be to a great extent missing.

107. A commencement has been made during the year to demarcate the cardamom *malles* situated within the ghat forests. The out-turn of the work done was 20 miles boundary clearing and fixing 179 marks at a cost of Rs. 294 or Rs. 14-11-2 per mile.

108. *Working Plans.*—The following statement shows the progress of the work done under this head up to date:—

	Area in sq. miles.
Completed.	
Nalkere	40
Hatgat	43
Under preparation.	
Dubare	18
Devamarchi including Mavakal	28
Remaining to be done.	
Other forests	118

109. *Establishment.*—Proposals have been submitted for the re-organization of the forest establishment.

110. *Breach of Forest Laws.*—The number of prosecutions for offences against forest laws during the year was 12, in 8 of which convictions were obtained. Most of the prosecutions were for shooting in the reserves without license and at unauthorized seasons.

111. *Forest Fires.*—The season was exceptionally favorable for the protection of the forests from fires, rain having fallen in March and April. Prior to that strong dry east winds had prevailed and there were several injurious forest fires, as follows:—

	Acres burnt.
Bakka sandal plantation	37
Dubare reserve	300
Devamarchi „	1,230
Hatgat „	920
Nalkere „	1,650
Total.....	4,137

Of the 1,29,738 acres for which protective arrangements were made, 1,25,601 acres, or 96·81 of the whole area, were saved from fire. The cost of protection was Rs. 4,377, *i. e.*, Rs. 22—5—4 per square mile against Rs. 30—15—6 per square mile last year.

112. *Grazing.*—The total number of cattle for which grazing rights have been admitted by the forest-settlement officer was 9,643 on an area of 1,36,598 acres; but in many cases the decisions have been appealed against by the forest department. The forests most burdened with the grazing rights are Bactankote, Anekadu, Arkeri, Attur and Urti, and the value of the right calculated at the moderate rate of 4 annas a head comes to Rs. 2,414.

113. *Plantations.*—The area of plantations added during the year was 158 acres consisting of 67 acres teak, 78 sandal, and 13 acres of fuel plantations, making

the total planted area 1,573 acres. Of this total area, the acreage destroyed by fire and proved a failure, viz., 112 acres, will have to be deducted, which leaves the remainder at 1,461 acres.

114. *Communications.*—A sum of Rs. 670 was spent on the repair of the road connecting the Nalkeri-Hatgat reserve with Hunsur. Other tracks were also repaired at a cost of Rs. 345.

115. *Buildings.*—Rupees eight hundred and twenty seven, annas three and pie one were spent during the year in re-roofing the forest bungalows at Kutompole and Kargode with Mangalore tiles and on other petty repairs to buildings.

116. *Yield and Working*—The number of trees felled departmentally during the year was 1,833 giving 70,196 cubic feet against 2,827 trees giving 1,39,351 cubic feet last year.

117. The quantity of timber removed to depôt including scantlings was 65,450 cubic feet as compared with 1,23,717 cubic feet last year.

118. Timber felling was restricted during the past season in consequence of the large stock of wood in hand both at the selling depôts and in the forests, while there was a sensible falling off in the demand for wood, both at the periodical auction sales and in the retail sales.

119. The quantity of materials removed by purchasers was:—

Trees 396	...	...	...	...Cubic feet	22,995
Poles 7,715	...	...	...	... ,, ,,	34,713
Firewood cart loads 5,833	...	...	...	... ,, ,,	1,56,825

Bamboos No. 2,68,541.

Of this quantity more than ½ or 1,13,365 cubic feet was taken from the reserves, and about 1,01,168 from the protected forests. The demand for bamboos is gradually increasing.

120. Rs. 5,378 were realized on account of timber on lands sold for coffee and other cultivation or for building sites.

121. Free grants of timber, &c., amounted in value to Rs. 255.

122. *Sandalwood.*—The quantity of sandalwood collected during the year was 2,271 trees yielding 48 tons of good and 12½ tons of inferior wood. The number of trees to the ton of good wood was 47 compared with 51 last year, and the cost of collecting was Rs. 18—12—0 per ton against 27—11—3 per ton last year.

123. *Cardamom Mallés.*—A few *malles* were leased anew during the year at an aggregate rent of Rs. 57 per annum.

124. *Financial Result.*—The revenue during the year amounted to Rs. 92,753, and the expenditure to Rs. 72,420 giving a surplus of Rs. 20,333.

125. There was a gross falling off in receipts of Rs. 43,430 and a net falling off in the surplus of Rs. 35,675 as compared with last year in which the figures were :—

Receipts	..	..	..	..	Rs. 1,36,183
Expenditure	..	..	..	..	,, 80,175
Surplus	..	..	..	..	,, 56,008

The Deputy Conservator reports that the falling off has been due chiefly to short sales, the diminished demand having been caused by the cessation of the exceptional market requirements of the two preceding years, when several large buildings were in progress at Mysore and a large contractor at Hunsur had undertaken to supply the Kolar gold mines with timber, a demand which has since ceased owing to successfull competition from Madras timber dealers.

FOREST-SETTLEMENT.

126. The work of the forest-settlement was resumed during February and March 1890, and all claims pending from the previous year were heard and disposed of. The settlement has so far as it has proceeded, embraced all the reserved forests.

It was intended to extend it to the protected ghat forests, but the work was interrupted by the indisposition of the forest-settlement officer.

127. The Chief Commissioner has approved of the proposal of the Commissioner that as a preliminary to bringing the ghat forests under settlement as reserves under the provisions of Chapter II of the Indian Forest Act, the present forest line should be revised and altered so as to exclude private holdings. The work will be commenced during the next field season, and will be facilitated by the revenue survey in progress.

128. Fifteen appeals from the decision of the forest-settlement officer were preferred to the Commissioner of Coorg by the Deputy Conservator of Forests on behalf of the Secretary of State for India, under section 16 of the Indian Forest Act, 1878, and there were three cross appeals. These appeals which were filed at various times between June and August 1889 were heard chiefly in December 1889 and March 1890, and have been disposed of. The dicisions of the forest-settlement officer have been reversed or modified in several instances, and most of the claims which came from villages in the Kiggatnad taluk have been remanded in view to additional land being allotted to the ryots as *bane* in cases where the land available for agricultural needs is clearly shown to be inadequate.

MINES AND QUARRIES.

129. Nil.

MANUFACTURES.

130. Nil.

TRADE.

131. *Exports.*—The exports from Coorg comprise coffee, cardamoms, hides, oranges and timber. Grain is also exported on a small scale from South Coorg into Malabar. Sandalwood is taken to Mangalore whence it is shipped to Bombay.

132. *Coffee.*—The quantity of coffee exported from the province as registered at the toll gates was 3,353 tons as compared with 2,761½ tons in 1888—89. The average selling price locally was Rs. 50 per cwt.

133. *Imports.*—The imports comprise the following articles:—

Piece goods valued at one lakh of rupees. Grain from Mysore imported for the estate coolies valued at Rs. 1,32,200. Salt from Mangalore and Tellichery valued at Rs. 2,11,850. Machine-made tiles from the west coast valued at Rs. 30,500. Arms and ammunition valued at Rs. 4,000. Cattle for agricultural requirements from the Mysore country valued at Rs. 45,250.

PUBLIC WORKS.

134. The original budget grant under imperial civil works for the year under report was Rs. 1,08,700; but this amount was subsequently increased to Rs. 1,18,700 by an additional allotment of Rs. 10,000 sanctioned by the Government of India under "original works, communications." This was again revised and distributed as follows under Government of India, Public Works Department Resolution, No. $\frac{3}{B.\ O.}$ A. C. W., dated 24th March 1890.

Revised grant	1,20,000
Deduct outlay in England	1,500
Net expenditure in India	1,18,500

135. The outlay actually incurred in India amounted to Rs. 1,23,456, which exceeded the modified grant of Rs. 1,18,500, by a sum of Rs. 4,956. This excess was reduced to Rs. 3,865, by the saving of Rs. 1,091 on the grant for expenditure in England, having been utilized by the Executive Engineer for outlay in India. The outlay and the revised grants under the different heads are contrasted in statement No. I appended to this report.

CIVIL BUILDINGS.

136. *Original Works.*—The revised grant under this head was Rs. 3,800, and the outlay amounted to Rs. 3,421 shewing a lapse of Rs. 379. *Vide* statement No. IV.

There was an expenditure of Rs. 1,236 on the work of constructing the taluk and nad kutcherry at Ponampet, which was completed during the year at a total cost of Rs. 9,891 against an estimate of Rs. 9,874.

Of the minor works in hand during the year, the nad kutcherry at Kadiethnad was completed, and the nad kutcherries at Beppunad and Thavanad have approached completion

137. *Repairs.*—Out of the modified grant of Rs. 3,400 under this head, Rs. 3,364 were expended in repairing the roof of the Post office at Virarajendrapet, and a number of other works costing not more than Rs. 200 each. *Vide* statement No. II.

COMMUNICATIONS.

138. *Original Works.*—Rs. 23,333 having been expended under this head, the revised grant of Rs. 22,300 for the year, was exceeded by Rs. 1,033. *Vide* statement No. IV.

(a). Opening out the Virarajendrapet-Periapatam Road.—Against the modified grant of Rs. 12,300 for this work, the outlay amounted to Rs. 13,724. An improvement was made in this road by metalling it for a length of 4 miles and constructing some culverts on it. A quantity of metal sufficient to cover about 3 miles of the road was also collected during the year.

(b). Constructing a bridge across the Cauvery at Siddapur.—Out of the budget allotment of Rs. 2,800 for this work, only Rs. 180, was expended. The poor progress made on the bridge was owing to the difficulty of getting coolies to live at or near Siddapur which is notoriously unhealthy.

(c). Re-modelling the Mavinhalla Bridge.—There was an outlay of Rs. 169 on this work against an allotment of Rs. 215. The bridge was completed during the year at a total outlay of Rs. 3,357 against an estimate of Rs. 3,402.

(d). Completing the metalling of the Merkara-Siddapur Road.—Out of the revised grant of Rs. 1,219 for this work, a sum of Rs. 1,341 was expended on collection of metal.

(e). Completing the metalling of the approaches Sampageghat.—Against the modified grant of Rs. 5,000 for this work, Rs. 7,984 was spent on collection of metal, which will be spread during the current year.

139. *Repairs.*—Under this head was expended Rs. 57,597, against the revised grant of Rs. 54,900, shewing an excess of Rs. 4,697 which was partly met by savings on other heads. With the exception of some parts of the approaches Sampageghat, and Virarajendrapet-Periapatam road, the imperial roads in the Province were maintained in fair order. *Vide* statement No. II.

During the year, 88 miles and 5½ furlongs of metalled roads were maintained at an average cost of Rs. 430 per mile and 90 miles of unmetalled roads, at Rs. 197 per mile. *Vide* statement No. VII.

140. *Miscellaneous Public Improvements.*—A small outlay of Rs. 34 was incurred on the survey of the Nergalale dam and in clearing the jungle in the line of the Sickle Hole channel. *Vide* statement No. IV.

141. *Establishment.*—There was a saving of Rs. 1,124 under this head, as the outlay incurred against the modified grant of Rs. 31,500, amounted to Rs. 30,376. The percentage of the cost of establishment to works was 34·61 or 13·17 less than that of the previous year.

142. *Tools and Plants.*—Against the revised grant of Rs. 4,100 under this head, the outlay amounted to Rs 3,694 and the balance lapsed.

143. *Mililary Works.*—The total expenditure under this head was Rs. 4,696 against an allotment of Rs. 4,600 shewing a small excess of Rs. 96 *Vide* statement No. VI.

The principal work in hand during the year was the quarters for the Sergeant Instructor at Polleybetta on which Rs. 3,366 were expended out of the grant

of Rs. 3,448. It is reported that the quarters will be completed soon after the monsoon.

144. *Incorporated Local Funds.*—Out of the budget grant of Rs. 23,000 for local civil works, a sum of Rs. 21,152 was expended shewing a lapse of Rs. 1,848. *Vide* statement No. V.

The following were the only major works of importance that were in progress during the year :—

(1) Opening out a dry weather road from Ahmatti to Tittimatti.
(2) Gravelling the Ahmatti-Tittimatti road.
(3) Making bridges across the Koftur and Thutten Mutten streams on the Merkara-Bhagamandala road.

The roads maintained out of local funds during the year were 131½ miles in length, the average cost per mile being Rs. 47. *Vide* statement No. VIII.

145. *General Observations.*—The grants for the year under imperial and incorporated local funds amounted to Rs. 1,46,100 or Rs. 21,700 more than the sum allotted for the past year, and the expenditure to Rs. 1,49,304 or Rs. 24,056 more than what was laid out in the previous year. The progress made during the year has therefore been satisfactory.

POST OFFICE AND TELEGRAPH

146. The district post comprises 3 sub-offices, 15 branch offices, 18 village circles, 7 letter box stations, 4 mail lines, and 5 branch lines. During the past year the branch office at Tittimatti was closed and a letter box station substituted.

147. The receipts from sale of postage labels amounted to Rs. 28,165, of which Rs. 21,810—9—6 were derived from ordinary labels and Rs. 6,354—6—6 from service labels.

148. The total amount debited to Post Office was Rs. 17,085—7—7. The charges debitable to the district post amounted to Rs. 8,727—3—10.

149. The number of government telegraph offices in Coorg is four as in the previous year. The mileage of telegraph lines is 30 and that of wires 49·5. The number of telegrams despatched during the year was 4,588, the Indian share of collections thereon being Rs. 5,037-7-7. The amount actually credited on account of the sale proceeds of telegraph labels during the year was Rs. 462—8—0.

IRRIGATION.

150. Nil.

V. REVENUE AND FINANCE.

A. IMPERIAL REVENUE AND FINANCE

151. The total demand for the year 1889—90 amounted to Rs. 8,12,936-12-9 as compared with Rs. 8,29,069—11—4 in the preceding year. The increase and decrease under the several heads are explained below.

152. *Land Revenue.*—Under the head of ordinary land assessment, the demand amounted to Rs. 1,77,039—2—1 as compared with Rs. 1,77,351—9—5 in 1888—89, while the demand under coffee assessment was Rs. 1,45,741—6—2 exhibiting an increase of Rs. 8,746—2—2 over the amount of the previous year.

153. *Casual Land Revenue.*—The demand under this head amounted to Rs. 36,298—9—4 as compared with Rs. 37,917—2—1. The decrease was principally from diminished proceeds from sales of waste lands, the amount being Rs. 19,310—1—9 as compared with Rs. 21,186—11—0 in 1888—89.

154. *Forests.*—The demand under this head was Rs. 1,06,205—3—1 or Rs. 27,758—12—9 less than that of 1888—89. Of this decrease, Rs. 16,800 were accounted for by short sales of timber from the forest depots, and also by the value not having been recovered on former sales.

The sale of sandalwood by the department also fell from 67½ tons to 59 tons, and the value of timber on lands sold under the Waste Land Rules exhibited a deficiency, being Rs. 1,679—14—6 as compared with Rs. 8,828-13-6 in 1888-89.

155. *Excise.*—The demand under this head was Rs. 1,84,602—6—5 or Rs. 2,178—15—2 in excess of that of the previous year. The items which exhibit an increase are, rent of toddy trees Rs. 1,140—12—0 and sale proceeds of opium, Rs. 984. The quantity of arrack issued from the distillery was 53,005 or 58 gallons less than in 1888—89.

156. *Miscellaneous Revenue.*—Under this head, the demand amounted to Rs. 1,63,050—1—8 as compared with Rs. 1,60,418—4—9 in 1888—89, the net increase being Rs. 2,631—12—11. The items which show an increase are stamps, miscellaneous, interest and telegraph. The items of registration, law and justice, jails, survey charges and income tax exhibit a decrease. Particulars under the principal heads are furnished below.

157. The revenue from *stamps* amounted to Rs. 91,745—3—0 against Rs. 88,097—15—2 or Rs. 3,647—3—10 in excess of that of 1888—89. The receipts represent the largest revenue demand from this source in any past year.

158. The sale of stamps and papers do not exhibit much variation as compared with those of 1888—89 excepting in respect of court fee adhesive stamps under which head there has been an increase of over 13 per cent. There is a small increase from non-judicial stamp papers and decrease of 6 per cent under the head of Court fee stamp papers.

159. The receipts from *Post Office* show a falling off of Rs. 56—0—9 as follows:—

	1888—89			1889—90.		
	Rs.	A.	P.	Rs.	A.	P.
Sale of ordinary postage labels	22,008	14	3	21,810	9	6
Do service do	6,212	2	6	6,354	6	6
Total	28,221	0	9	28,165	0	0

160. The receipts under *miscellaneous* were incidentally increased by the payment of Rs. 877—15—3 from the Virajendrapet municipality at the instance of Government to meet the contribution needed to render the service of a late employé pensionable.

161. *Income Tax.*—The demand stood at Rs. 10,255-8-5 or Rs. 1,045-11-10 less than that of 1888—89. The decrease is attributable to losses sustained by several traders in coffee and to inaccurate assessment in several cases.

162. The collection amounted to Rs. 10,143—5—6 against Rs. 10,757-13-3 in 1888—89.

163. *Outstanding balances.*—The balance of revenue outstanding under all heads at the close of March 1889 was Rs. 2,39,018—9—3.

164. The demand for 1889—90 amounted to Rs. 8,12,936—12—9, and the total amount for collection was therefore Rs. 10,51,955—6—0.

165. The collections, which include Rs. 741 received in advance of demand for 1890—91 under the head abkari, amounted to Rs. 7,79,716—11—3. To this sum should be added Rs. 521—8—0 credited in 1888—89 in advance of demand for this year and the remissions sanctioned by the Chief Commissioner during the year and struck off the accounts, viz., Rs. 12,723—5—10. The amount therefore collected or adjusted during the year was Rs. 7,92,220—9—1, leaving an outstanding balance of Rs. 2,59,734—12—11 on 31st March 1890.

This balance includes the two monthly instalments of land revenue payable after the close of the official year and was reduced at the close of July to Rs. 90,583—11—1.

166. *Net Surplus Revenue.*—The gross receipts on account of imperial revenue amounted to Rs. 7,88,886—11—6 as compared with Rs. 8,52,016—7—11 in 1888—89. The decrease is mainly due (1) to the collection of a moiety of the cardamom rents exceeding Rs. 100 having been postponed to next year owing to the unfavorable season, (2) to the falling off in the demand for timber at the forest depôts, and (3) to the diminished sale proceeds from waste lands.

167. The net receipts after deducting refunds and charges against income amounting to Rs. 2,11,439—5—5, aggregate Rs. 5,77,447—6—1.

168. The expenditure charged against net income was Rs. 3,01,210—15—8, leaving a surplus of Rs. 2,76,236—6—5, as compared with Rs. 3,26,475—5—0 in 1888—89.

169. *Cash Transactions.*—At the close of 1888—89 the cash balance in the Coorg treasuries stood at Rs. 4,38,377—1—4. The net revenue collected, including items of local revenue, amounted to Rs. 6,32,358—0—3. The revenue received but paid away and charged against income amounted to Rs. 2,11,868—6—5. Deposits amounted to Rs. 49,177—11—7. Receipts on account of bills drawn on other treasuries amounted to Rs. 2,24,449—6—10, of which the sum of Rs. 1,90,190-10-3 represents receipts of the Postal Department on account of Money Orders, Savings Banks, bearing charges, &c.

170. Remittances from other treasuries amounted to Rs. 25,000 and consisted of copper.

171. These sums with a small amount of refunds made during the year bring up the total transactions of the Coorg treasuries to Rs. 15,92,059—8—6.

172. The disbursements which include a remittance of Rs. 5,49,500 in currency notes to Madras, Rs. 15,150 on account of advances to ryots, &c, Rs. 43,023—3—8 re-payment of deposits, and Rs. 25,960—11—10 on account of bills of other treasuries paid, leave a cash balance at the close of the year of Rs. 3,90,069—4—0.

B. REVENUE AND FINANCE OTHER THAN IMPERIAL.

173. *District Funds.*—The revenue balance of district funds outstanding at the beginning of the year was Rs. 5.

174. The demand amounted to Rs. 29,203—11—4, and the collections to Rs. 26,178—10—10 which includes Rs. 103 collected in advance of the demand for 1890—91. Credit has been afforded to the sum of Rs. 1,715—12—4 realized in 1888—89 in advance of the demand for this year. The outstanding balance at close of the year was therefore only Rs. 1,417—4—2.

175. The following items compose the demand:—

	Rs.	A.	P.
Market fees	1,414	9	7
Tolls on roads and bridges	23,348	0	0
Do ferries	1,290	5	0
Staging Bungalows	736	4	0
Pound fees	2,081	4	11
Miscellaneous	333	3	10
Total.....	29,203	11	4

176. The expenditure incurred was Rs. 23,709—12—8 as follows:—

	Rs	A.	P.
Refunds	1	9	0
Cost of establishment	2,587	7	10
Works by the public works department	21,120	11	10
Total.....	23,709	12	8

177. *Municipal Funds.*—The total assets of the five municipalities including the opening balance of Rs. 13,776—7—11 amounted to Rs. 39,401—13—4, and the aggregate expenditure to Rs. 25,125—2—5 including Rs. 2,196—0—9 being the cost of medicines supplied to the dispensaries of Merkara and Virajendrapet from the medical stores, Madras, and adjusted by book transfer.

VI. VITAL STATISTICS AND MEDICAL SERVICES.

BIRTHS AND DEATHS,

178. The system of collecting vital statistics has undergone no change. For the two principal towns of Merkara and Virajendrapet, the agency employed is the municipal establishment. For other towns and villages, the work is done by the *Patels* and the conditions existing in Coorg make it difficult to test the accuracy of the returns, especially as regards births. For the population on coffee estates, the Gov-

ernment has to rely upon the co-operation of the superintendents to whom registers and forms are supplied. The arrangement is not satisfactory but it is not practicable to devise any better means, short of compulsory registration.

179. The total number of births registered during the year 1889—90 was 2,917, as compared with 2,963 in the previous year, the rate per mille being 16·36 and 16·61 respectively. A considerable improvement has been effected under this head over the results of preceding years when the rate did not reach 14½ per mille.

180. At Merkara the birth rate was only 7·87 for the year 1889, but the ratio is computed on the population taken in 1881, and before the withdrawal of the regiment then stationed there. The ensuing census will probably show a large decrease of population, assignable to the above cause as well as to other circumstances which have affected it adversely.

181. The returns of mortality indicate better results from the measures taken to ensure more accuracy. The number of deaths registered during 1889 was 4,087, being 22·92 per mille as compared with 3,461 or 19·41 per mille in the previous year. No epidemic prevailed during the year, and the increase is undoubtedly due to better registration.

EMIGRATION.

182. Nil.

MEDICAL RELIEF.

183. The difficulties which have been experienced in Coorg since the administration became separated from that of Mysore, in obtaining qualified men for the subordinate medical service led the Chief Commissioner to propose for the consideration of the Madras Government that the Hospital Assistants required for Coorg should in future be supplied from the civil subordinate medical establishment of that Presidency. The proposal was at once acceded to by that Government and has received the approval of the Government of India. This measure will be of the greatest advantage in improving the character and status of the subordinate medical staff.

184. In addition to the old established dispensaries at Merkara and Virajendrapet, a new dispensary was opened at Napoklu in November 1888, and a fourth has been opened during the year under report. Proposals have been submitted for establishing a dispensary at Somvarpet where one is much needed, the whole of North Coorg being dependent for medical aid on Merkara which is, however, difficult of access from that direction during the prevalence of the heavy south-west rains.

185. The expenditure in connection with the three existing dispensaries amounted to Rs. 9,264 (fractions omitted) which was distributed under the following heads :—

Establishment	3,465
European and Bazaar medicines	2,285
Dieting	1,975
Buildings and repairs	843
Miscellaneous	696
Total....	9,264

186. The sources of income are detailed below:—

Abkari license fees	2,892
Municipal grant	2,208
Private subscriptions	1,489
From government	1,128
From local funds	978
Sale of medicines	369
Interest on invested funds	200
Total Rs.....	9,264

187. *Merkara Civil Dispensary.*—The total number treated (both in and out-door patients) was 8,744 as compared with 5,418 in 1888. Of these 310 were in-patients. The daily average sick treated in hospital was 14·07 as compared with 11·56 in 1888. The average daily attendance of out-patients was 39·54, the average in the previous year being 35·17. There were 43 deaths. Many of these cases

are of estate coolies who are brought in and left at the hospital, without any information as to whence they came or to what place they belong.

188. The total expenditure during the year was Rs. 4,622—3—11 as compared with Rs. 4,027—4—0 in 1888. The dispensary holds invested capital to the amount of Rs. 3,000.

189. *Virajendrapet Civil Dispensary.*—The number of patients treated during the year was 6,183 as compared with 4,601 in 1888. Of these 192 were in-patients, and 5,991 were out-patients. The average daily sick in hospital was 8·95 as compared with 6·87 in 1888. The average daily attendance of out-patients was 34·71. There were 40 deaths, the ratio of deaths per cent to total treated being 20·83 or 1·05 in excess of 1888.

190. The total expenditure of the dispensary was Rs. 3,772—13—10 as compared with Rs. 2,609—15—1 in 1888. The invested capital amounts to Rs. 2,000.

191. *Napoklu Civil Dispensary.*—This dispensary which was opened in November 1888, had to be closed for 6 months from 1st May to 31st October 1889, the services of the Hospital Assistant in charge being required at Merkara. The number of patients (out-door) treated was 1,294 and the average daily attendance was 10. The expenditure during the year amounted to Rs. 568—11—2.

192. *Gonicopal Civil Dispensary.*—This dispensary was not opened until at the close of the year under report. The building has been purchased by a Coorg gentleman, Devanagere Mukkati Iyappa, and will be formally made over to Government for the use of the dispensary as soon as the transfer deed has been prepared.

SANITATION.

193. Sanitary measures for the benefit of the province have continued to occupy the attention of the Sanitary Board.

194. Proposals were submitted by the Commissioner for establishing municipal committees at Napoklu, Ponampet, Ammatti and Gonicopal, principally with the object of improving the conservancy arrangements, but they were not approved, the system of municipal administration being viewed by the Government of India as unsuitable to small towns and the project has been abandoned. On the other hand the extension of the provisions of the Central Provinces Act, XIX of 1889, to Coorg is attended with difficulties owing to the inability of the people to meet the additional charges that will be entailed by the measure. The matter is still under consideration.

VACCINATION.

195. The total number of cases vaccinated (excluding dispensary vaccination) was 8,747, being an increase of 1,602 over that of the previous year. The average number of cases vaccinated by each Government vaccinator was 983·75, and by each Municipal vaccinator 438·5

196. Of the total number of cases, 8,632 were primary vaccinations, of which 8,094 or 93·76 per cent were successsful. The cases of re-vaccinations were 115, and 97 or 84·34 per cent proved successful. The figures for 1888—89 stood at 94·28 and 79·72 respectively.

197. The number of cases vaccinated in the dispensary was 215 as compared with 51 in 1888—89. The cases comprised 203 primary and 12 re-vaccinations and of these the number of cases proved successful were 176 or 86·69 and 7 or 58·33 respectively.

198. 45·39 persons per mille of the total population were protected by vaccination, showing an increase of 7·79 per mille over that of the previous year.

199. There has been no change in the vaccination establishment which is composed of 1 Inspector of vaccination, 7 Government and 2 Municipal vaccinators. The cost amounted to Rs. 1,799—12—0 inclusive of the contributions from the Merkara and Virajendrapet municipalities, viz Rs. 282—15—0.

VII INSTRUCTION.

GENERAL SYSTEM OF PUBLIC INSTRUCTION

200. Vide paragraphs 181 to 184 of the report for 1882—83.

EDUCATION.

201. The number of public schools of all classes, departmental, municipal and aided, has increased from 74 to 75 and the attendance from 4,179 to 4,199. The fees collected have risen from Rs. 7,727 to Rs. 8,211. In addition to the schools and pupils noted above, there were 23 private or unaided elementry schools with 345 pupils, against 28 schools with 354 pupils the year previous. Details are given in the following statement for the last two years :—

Class of schools.	1888—89.			1889—90.		
	Schools.	Pupils.	Fees.	Schools.	Pupils.	Fees.
Secondary education.			Rs.			Rs.
Government school—English (Merkara Central) ...	1	336	3,422	1	302	3,311
Municipal School do Virajendrapet ...	1	161	1,225	1	167	1,408

Private or unaided schools	28	354	2,040	23	345	...
Grand total of all kinds.....	102	4,533	9,767	98	4,544	8,211

202. The rural primary schools have improved both in attendance and fees. The former has risen from 2,756 to 2,894 and the latter from Rs. 1,205 to Rs. 1,410. The average attendance in each of the 56 schools in operation, rose from 50 to 52. The average gross annual cost of educating each pupil was Rs. 2—15—3, against Rs. 3—3—8 the previous year.

203. The number of scholarships remained the same as during the year previous, viz., 19, which were held by old students of the Central school at various Colleges in Madras, Bangalore and Mysore. Of this number 15 were Coorgs, 2 Brahmins and 2 other Hindus.

204. Twenty-nine students were presented for the Matriculation Examination, of whom 10 passed (two in the first class). Ten students passed the Middle School Examination. Besides these one pupil passed the Higher Examination for women from St. Mark's school Merkara.

205. Classified according to race or creed, the 4,199 pupils attending the 75 public schools, consisted of:—

2,523 Coorgs.
1,350 Other (caste) Hindus.
23 Europeans and Eurasians.
104 Native Christians.
122 Mahomedans.
77 Others.

206. Classified according to sex, there were 3,574 boys and 625 girls.

207. The expenditure on the whole department amounted to Rs. 41,713 or Rs. 2,098 more than last year. Of this amount, imperial funds contributed 51·7 per cent.

LITERATURE AND THE PRESS.

208. Nil.

LITERARY SOCIETIES.

209. Nil.

ARTS AND SCIENCES.

210. Nil.

VIII. ARCHÆOLOGY.

211. Nil.

IX. MISCELLANEOUS.

ECCLESIASTICAL JURISDICTION.

Ecclesiastical.

212. *Church of England.*—The number of members is returned at 200 Europeans and Eurasians and 10 Natives.

The building of the new church at Pollebetta, referred to in last year's report, has been completed.

213. *Roman Catholic Church*—The members of this communion are returned at 2,184 Natives and 157 others.

214. *Basel Evangelical Mission*—The members consist of 290 Natives and 12 others.

STATIONERY.

215. Nil.

GENERAL MISCELLANEOUS.

216. *Muzarayi*—Full particulars under this head were furnished in the administration report for 1888—89. The question of regulating the control of the religious endowments is still under the consideration of the Chief Commissioner.

APPENDICES.

STATISTICAL TABLES.

APPENDICES.
